Driven Data Analyst with a passion for condensing large data into simple understandable story. Adept at working independently and collaborating with teams across multiple functions to take information from a wide variety of sources and effectively break down concepts in layman terms to diverse audiences. Excels at solving complex problems.

Technical Skills

- Proficient in PowerPoint, Excel, APIs, HTML, CSS, Python, SQL, D3.js
- Professional proficiency in English, Spanish, and Zapotec

Projects

ETL Project | <https://github.com/narobin83>

- This project demonstrated our abilities in data collection. The team and I gathered data to tell a story about actors Oscar nominations and their likelihood of winning.
- I created an engine and filtered the data results by eliminating unnecessary data. I also connected our engine to a PostgreSQL database
- This project required me to use Excel, Git, Pandas, and PostgreSQL

EXPERIENCE

Stanbury

Sous Chef

Raleigh, NC

January 2015 - 2021

- Coordinate monthly meetings with the owners and Managers to strategize monthly goals
- Designed and execute high quality dishes for weekly menu based on local produce and ingredients
